Welcome Message

◆ Namaskar, it gives us an immense pleasure to invite you to Shalyacon 2K26, The 26th annual conference of the National Sushruta Association, organized by the department of Shalya Tantra, National Institute of Ayurveda, Deemed to be University (De Novo) Jaipur, in collaboration with the National Sushruta Association.

◆ The National Institute of Ayurveda (NIA), Deemed to be University (De Novo), Jaipur, under the Ministry of AYUSH, Government of India, is the country's premier centre for Ayurvedic education, research, and patient care. Established in 1845 as a Pathshala, NIA carries a legacy of over 175 years and presently marked with Golden Jubilee celebration, has grown into a world-class institute integrating traditional Ayurveda with modern scientific perspectives. Recognized for its excellence, NIA was granted Deemed to be University status in the De novo category and was dedicated to the nation by Hon'ble Prime Minister Shri Narendra Modi on 13th November 2020. Notably, it is the first Central Government-funded institute in the AYUSH sector to achieve this distinction, upholding the highest standards in teaching, training, research and healthcare.

◆ NIA offers comprehensive academic programmes at all levels – Undergraduate (BAMS), Postgraduate [MD(Ayu)/MS(Ayu)], PhD, and Diploma (DAN&P)—along with six unique interdisciplinary M.Sc. courses in Ayurveda. It also conducts certificate and short-term courses. The Institute houses a 280- bedded NABH accredited hospital with advanced facilities including a Panchakarma Centre, Modular Operation Theatres, Ventilator-supported emergency beds, a GMP-certified pharmacy, and a Pathology lab. NIA undertakes multidisciplinary research spanning in-vitro, in-vivo, clinical laboratory and literary studies, supported by robust infrastructure such as an animal house, pharmacognosy lab, phytochemistry labs, drug testing laboratory, and an advanced simulation lab.

◆ Shalyacon-2K26 reflects this legacy and vision—a platform to explore surgical and parasurgical innovations, encourage academic collaboration, and uphold Ayurveda's timeless principles while meeting contemporary healthcare needs. Through this conclave, NIA reaffirms its mission to promote authentic knowledge, evidence-based practices, and holistic healing for the welfare of humanity.

National Sushruta Association

◆ The National Sushruta Association (NSA), founded in 1997 under the leadership of Prof. G.C. Prasad, is a non-profit body uniting Ayurvedic surgeons across India to advance the study, education, research, and practice of Shalya Tantra. Upholding Sushruta's surgical ethics, NSA promotes Surgical and Parasurgical excellence in areas such as Wound management, Urology, Orthopedics, Marma Chikitsa and Plastic surgery.

◆ Over the last 25+ years, NSA has become the most active Ayurvedic surgical network in the country, committed to upgrading teaching standards, fostering knowledge exchange and popularizing Ayurvedic surgery nationally and internationally. Through conferences, workshops, publications, and community outreach, NSA continues to protect professional interests, encourage innovation and uphold the dignity of surgical practice for the welfare of humanity.
